**Martin Luther King Jr. Day**

Martin Luther King Jr. was a leader of the American civil rights movement in the 1950s and 1960s. Before his assassination in 1968, he received the Nobel Peace Prize for his efforts to use nonviolent resistance to achieve equality for African Americans. His efforts contributed to passage of the Civil Rights Act of 1964 and the Voting Rights Act of 1965. *Enacted May 3, 1976, from the 1975 Laws of Wisconsin, Chapter 219.*

# Weather Related Cancellations, Delays, or Early Dismissals

When snow or ice causes transportation difficulties, three possible situations might exist: school may be cancelled completely, school may start two hours late (no ECH classes), or school may be dismissed early. For late start or cancellation of school, every effort will be made to have the announcement on the radio stations by 6:30 a.m. Announcements will be run on the following radio stations:

WVRQ – Viroqua – 102 FM – 1360 AM  
WPRE – Prairie du Chien – 94.3 FM  
WRCO – Richland Center – 100.9 FM – 1450 AM  
WIZM – Z93 La Crosse – 93.3 FM – 1410 AM  
WKTY – 580 AM  
WRQT – 95.7 FM  
KCLH – 94.7 FM  
WXOX TV 19 – La Crosse

**We ask for your cooperation by not calling the radio stations or the school office about the possibility of school cancellations. Things can be very hectic at these sites. Since changes in school schedules are the hottest news of the day, they tend to be repeated quite often on the radio.** If there is an early dismissal of school, a decision will be made for the safest possible time to transport students home and the announcement should be on the radio stations shortly thereafter. Parents may want to have a plan if there would be a problem with sending students home because of an early dismissal. We would appreciate it if you would advise the student's teacher(s) of any alternative plans on those days when there may be an early dismissal due to inclement weather. Having a plan before the snow flies will help us all to enjoy a safer Wisconsin winter!

## How are Families at North Crawford Making a Difference?

### By Hosting Foreign Exchange Students!

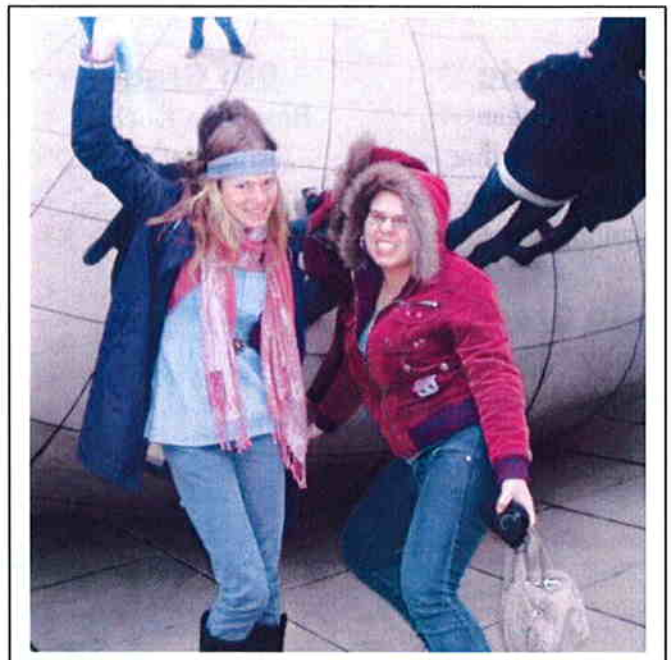

Would you like to help students at North Crawford learn about different cultures? Give foreign students a chance to learn about our culture while helping your school and community in the process. This school year families at North Crawford are hosting students from all around the world including Brazil, Germany, and Spain. These students are learning about America while people in Crawford County are learning about different countries and cultures.

Have you noticed some new faces around school or in the community? Stop and say hello to the exchange students - you might learn something new – or get the chance to teach them something as well! Many former exchange students have returned to the area to visit, study, and live. The connections that many exchange students make while studying at North Crawford are lifelong. Take this opportunity to make a friend from another part of the world!

Hello, my name is Daniel and I am from Brazil. I'm on a 5 mo. program. I am 17 years old and attending 12th grade. I have 10 years of English. I have a B- grade average. After high school, I want to go to college and use my knowledge of English because it is very good professionally in Brazil to be fluent in the English Language. I have also studied Spanish for 7 years. I have worked for 5 months as an operator at a call center for debt recovery. I have one older brother and my grandmother lives with us. I am Catholic and I will attend weekly with my family. I prefer a non-smoking home. I enjoy basketball, martial arts, soccer, volleyball and skateboarding.

I have a younger sister and brother. I am Catholic and attend monthly, but I will attend weekly with my host family. I like music; I play the piano, flute and violin. "I really want to know something about a different culture and to see how a school in another country works." I have worked as a baby-sitter and tutored a 13-year-old girl in English and Math. I enjoy going to movies, reading, board games, bicycling, snowboarding, snow skiing, swimming, tennis and running.
